DZF-6090 Lab Vacuum Oven

DZF Vacuum drying ovenfor material heating drying under vacuum states has advantages :

1 Can reduce the drying temperature

2 Avoid some objects heating to oxidation

3 Avoid heating air to kill living cells

4 No dust damage

- Item No.:TOB-DZF-6090
- Order(Moq):1
- Payment:L/C,T/T,Western Union
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7

Product Detail

90L 250°C laboratory Line dzf Vacuum Oven with Vacuum Pump

SPECIFICATIONS

1 The DZF-6090Vacuum OvenIs mainly used For scientific research units, specialty universities, laboratories, industrial mining enterprises etc and production field for materials drying and heat treatment under the vacuum state.

2 Use Vacuum drying oven for material heating drying under vacuum states has advantages :

2.1 Can reduce the drying temperature

2.2 Avoid some objects heating to oxidation

2.3 Avoid heating air to kill living cells
2.4 No dust damage

Model	TOB-DZF-6090Vacuum Oven
Source voltage	220V 50HZ
Power	1500W
Warranty	One Year Limited Manufacture Warranty with Life Time Support
Temperature range	RT+10～250℃
Temperature control accuracy	0.1℃
Temperature fluctuation	±0.5℃
Operating ambient temperature	+5~40℃
Vacuum degree	-0.1Mpa（≤133Pa）
Vacuum display	Pointer type medical vacuum meter
Workingsize (L*W*H)	450*450*450（mm）
Dimension (L*W*H)	650*600*1550（mm）
Heating mode	The external radiation heating. The electric heating pipe is located in the inner lateral walls, close to the liner
Temperature controller	1 High precision microcomputer temperature controller, accurate temperature control 2 Working temperature can be set and working time can be set. 3 When time reach, sound alarm, and when any error, also alarm. function
Inner box material	304 stainless steel
Outside shell material	High quality cold-rolled steel plate electrostatic spray

Box door	Toughened bulletproof double glass door
Safety device	With over temperature protection, grounding etc
Shelf	2pcs
Vacuum pump	2XZ-2 rotary vane vacuum pump (suction: 2 L / sec), vacuum pump is located in the box body
Packing Size	770*690*1800mm
Packing Weight	210KG
