

KP-Series

Immersible Ultrasonic Cleaner Series

Features

- Original BLT type transducer
- SUS 304 stainless steel housing
- Hard-Cr plating
- Adaptable for continuous operation
- Adjustable ultrasonic power
- With separate control ultrasonic electronic generator
- User friendly operation
- Custom made is available
- etc

View Detail

Model:		KP-1006	KP-1012	KP-1018	KP-1024	KP-1030	KP-1036
OVERALL DIMENSION (mm)	L	305	355	406	500	550	500
	W	250	305	305	355	406	460
	H	100	100	100	100	100	100
HOUSING'S MATERIAL		SUS304					
SURFACE FINISHING		Hard-Cr Plating Treatment (20 + microns)					
ULTRASONIC FREQUENCY*		28kHz / 40kHz					
TOTAL ULTRASONIC TRANSDUCER NO.		6	12	18	24	30	36
ULTRASONIC OUTPUT POWER (MAX.)		300W	600W	900W	1200W	1500W	1800W
ELECTRONIC GENERATOR		KG300	KG600	KG900	KG1200	KG1500	KG1800
		SEPARATE					
GENERATOR POWER REQUIREMENT		AC 220 / 240V, 1, 13AMP					
<p>Note: Special requirements (Size,Material,Frequency) can be made according to client's requirement, and OEM is welcome if the quantity is large.</p>
