

Semi-Auto Flat Bed Screen Printer

Model number: GW-6080

Printing area: 600*800 MM

Printing speed: 1000 pieces per hour

Machine size: 1000*800*1300MM

Gross weight: 650KGS

MOQ: 1 set

Payment terms: T/T,western union, paypal

Package way: plywood

Delivery way: by sea or by air

Lead time: within 7days

Worktable size: 700*1000MM

Describe

PCB , Circuit Board Flat Bed Screen Printing Machine

Application:

It is suitable for printing different material flat items such as textile,paper/leather bag,circuit/pcb plate, glass aluminum/metal/rylic board,PP/PVC/PET/PC/PE film,ceramic tile,traffic/road sign...and so on.

Technical Parameter:

- 1.Max.printing area:600*800mm
- 2.Max.printing speed:900PCS/Hr
- 3.Power:380V/ 3.7kw
- 4.Air pressure:5-7bar
- 5.Worktable size:700*1000mm
- 6.Max.sreen frame size: 900*1200MM
- 7.Max.workpiece height: 0-20mm
- 8.Number of Color: single color

Feature:

1. Controlling machine by PLC programming controller
2. Auto 4-digit counter built-in,all of machine conver both produce by metal material,high quality.
3. Vertical adopting distyle constructure,screen frame up/down and printing head left and right both control by high precision electrical servo motor driven independently.
4. Controlling printing blade up and down by transducer system,controlling stroke by photocell eye.
6. You can be free to choose printing cycle according to your printing craftwork by printing action.
7. Manula/semi auto/full auto 3 settings up.When printing is indirect,it will be controlled by digital.
8. Machine with vacuum worktable,it can fix the product better and printing quality precision when printing it.
9. Unique designed machine head up and down equipment,it is convenient to clean scraper,blade,screen frame.
- 10.Double guide pole controlling screen arm,installing the device for adjusting screen distance,regulated conveniently
- 11.Installing scrambling device on work-table, it accord with safty standard.
