

HA0325T - TFA2 and PSY240 – LED Lighting Strip - Fitting Instructions

This information sheet details instructions for fitting the LED Lighting Strip.

For the continuing safety of the operators of the equipment and for the protection of the equipment itself, the operator should take note of the **Warnings, Cautions and Notes** throughout this leaflet, and, where applicable, in any associated literature.

1.1 Installation

1) Remove all packaging.

Item (2) is applicable only if fitting to the Nexus Table Frame Overhead Shelf unit.

2) Using the M6 hex bolts supplied, attach the spring clips to the underside of the shelf frame.

Item (3) is applicable only if fitting to something other than the Nexus Table Frame Overhead Shelf unit.

3) Discard the M6 hex bolts supplied, and using other suitable screws/bolts attach the spring clips to the surface where the lighting strip is to be installed.
