Ribbon Band Thermocouple

Made in the UK 🚟

Description

A Hand Held Ribbon Band type K thermocouple for use on moving surfaces up to 250°C with an easy grip handle and ergonomic design.

This block style surface thermocouple probe has a unique construction that makes it ideal for measuring moving, rotating or stationary surfaces. These probes are extensively used in paper printing, textiles and moving machinery.

It features a spring loaded ribbon band to ensure good thermal contact with the application and is ergonomically designed to maintain stability in use.

Specification

-							
ь	0	-	÷		r	e	c
Е	C	a	L	u		-	
-	_	_	_	_	Ξ.	_	_

- Rated up to 250°C
- Easy grip handle
- Ideal for both flat and curved surfaces
- Can be used on moving surfaces
- Spring loaded for direct contact
- Ribbon band style

Application

- Industrial Printers
- Textiles
- Moving Machinery

Product	Ribbon Band Thermocouple			
Туре	К			
Temp Range	0 to 250°C			
Cable Length	1M Curly Lead			
Block Dimensions	60mm x 35mm x 30mm			
Handle length	100mm			
Surface Velocity	Up to 90 metres per minute			
Material	316 Stainless Steel and PTFE Contact block			
Termination	Mini Plug			
Part Number	HSSRB
