

Snap Ring Pliers Straight-Jaw for External Rings

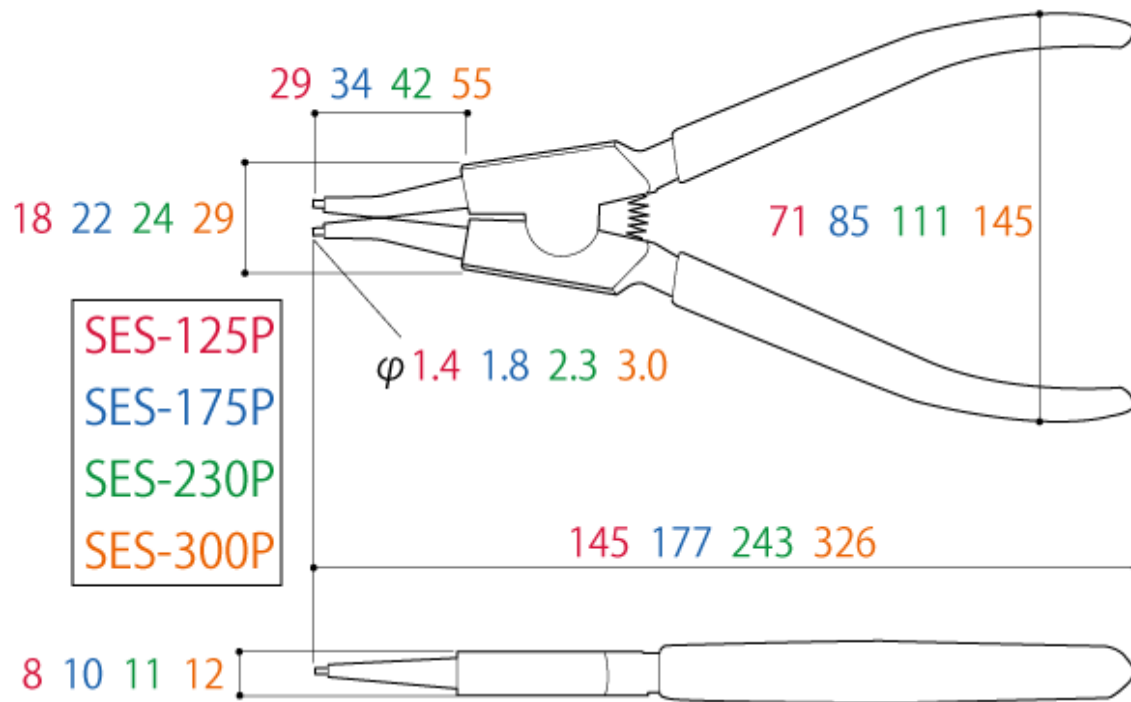

125mm SES-125P / 175mm SES-175P / 230mm SES-230P / 300mm SES-300P Spring

- New 300mm size is now available!
- For external snap rings (circlip rings).
- High durability and wear resistance are realized by using piano wire for bits.
- Tapered bit-basement and non-slip processed bit-surface prevent dropping rings out.
- Holding stability improve safety and efficiency of works.

Specifications

- Material(Body) | Alloy steel
