

## Bent Nose Pliers

150mm TM-05 SpringBOX JOINT

- Bent type nose is suitable for works on the desk.

---

## Features of Trinity series products

# Trinity

**Long-life & high durability**  
**Box joint structure**

**Adjustable & durable**  
**Leaf springs**

Even if jaw opened fully, leaf spring does not broken like a coil type spring. Also the resilience can be adjusted to your preference.

**Double molded**  
**Elastomer resin cover**

Originally developed cover shape fits the hand and reduce fatigue of works. Using Eco-friendly burnable material.

## **Box joint**

Long-life stability, none-backlash.

## **Leaf springs**

Long-life and high durability. Adjustable resilience.

## **Comfortable elastomeric double molded resin grips**

Using eco-friendly elastomer resin which does not emit dioxin when it is burned. Original designed grip realized ideal weight balance and work efficiency improvement.

## **Specifications**

- Material | Alloy steel
- Heat Treatment | Induction hardening on edge
- Hardness | 54~62
- Spring | Leaf springs
- Handle cover | Elastomeric double molded resin grips
