

YUYANG INDUSTRIAL CO., LIMITED

China Manufacturer of Fire Testing Equipment

AATCC 35 Rain Tester 150mm Specimen Stainless Steel Textile Testing Machines

- **Product Details:**

- Place of Origin: **China**
- Brand Name: **YUYANG**
- Certification: **AATCC 35**
- Model Number: **YY839**

- **Payment & Shipping Terms:**

- Minimum Order Quantity: **1 set**
- Price: **Negotiation**
- Packaging Details: **Plywood Box**
- Delivery Time: **5-10 work days**
- Payment Terms: **T/T L/C Western Union**
- Supply Ability: **10 sets per month**
- Share to :

AATCC 35 Rain Tester 150mm Specimen Stainless Steel Textile Testing Equipment

Description:

To determine the penetration resistance of fabrics or composites at different intensities of water impact. Simulated rain horizontally impacts fabric samples mounted vertically in

a stainless steel bath. Samples are backed with a standardized blotting paper which is weighed before and after each test.

Principle:

Use the weighted absorbent paper to wrap over the test sample, make the test sample under water spraying for 5 minutes in controlled conditions, then re-weighted the absorbent paper to determine the amount of water infiltrated in the test sample during the spraying process.

Specification:

1. Sample Dimensions:150mm
2. Press foot diameter:200*200mm
3. Blotting Paper Dimensions:152*152mm
4. Sample Nip Width:152mm
5. Sample Nip Space Between:165mm

Standards: AATCC 35
