

YIHUA 946A II LCD touch screen glass separating machine

Input voltage: 110V/220V/230V/240V optional

Product weight: 4kg/pcs

Size:

Features:

1. With PID programmable temperature control technology and the highest precision PID input program, temperature is both adjustable and stable while deviations are minimized.
2. The heated aluminium is smooth and flat, ensuring a uniform surface temperature.

3. This device has the following user-friendly design features:

A. Celsius/Fahrenheit temperature display:

Designed to meet the market needs of different regions, the temperature display function can be set to display either Celsius or Fahrenheit, depending on local practices.

B. Temperature correction feature

The surface area of the aluminium being relatively large, its temperature may vary slightly in response to large changes in ambient temperature. The temperature correction feature compensates for this potential discrepancy by correcting the temperature within the following range: -50 °C– +50 °C.

4. The double-sided internal SMT manufacturing process boasts clean craftsmanship. The signal flow is clear, and the machine is both stable and safe, further improving its performance and adaptability to various harsh environments.

Specifications

1. CPU temperature control

2. Mobile phone integration screen split

To separate the mobile phone, suitable TEMP is under 100 °C

in winter, suitable TEMP is 90°C

in summer, and suitable TEMP is 70-80°C

Model	946A-II
Name	Touch screen separator
Display	LED display
Heating material	Aluminium
Heating size	L200*W100mm
Net weight	3.21 kg
Tem range	50~250°C
Power	500W
Size	L300*W160*H90mm
Working condition	0~40°C

Packaging & Shipping

SHIPPING

You could arrange to ship the goods by your self, or ask we help you arrange to ship. If we help you arrange

To ship. Before quote the shipping freight, we need to know which model and quantity you are asking. We will

According your detail address, order model and quantity to advise you ship by sea or, by air, or by Express.

Delivery date

Over 100~over 500pcs are 20days will ship out. Over 1000pcs are 30days.

If the material not enough or we have some customer queue up our products before you,

We will discuss with you the shipping date. If you want the delivery date faster than that day, please inquiry us,
We will try to do it as your request.

***Warranty policy**

One Years warranty

As usual, the shipping fee are high. If return China to repair are not worth the money. So we could support technology and give you the spare parts along with the product.

Note warranty does not cover wearing parts, for example iron heater, gun heater, and iron tips.

***Products discount**

As usual we quote three price for each model sample price, over 60pcs price, over 500pcs price. Those price are calculate our produce cost, as you know big order are less margin to sell. We hope take win-win business with both.

***Warm-heart note**

1. If products upgrade or quality improve to change the technique parameter, the factory will not further notice.
2. If the customer haven't special request, the product in accordance with factory's setting quality standards to produce.
