

Want to know more about
environment with Ultrasonic

SONIC CORPORATION

SONIC is a pioneer of ultrasonic technology

- 1948 Kaijo Denki established to utilize ultrasonic technology for non military purpose
- 2003 Kaijo Sonic established and focused on measuring & control
- 2009 SONIC CORPORATION to further specialize in measuring & control

SONIC is a part of Tachyonish Holdings

Seek Truth from Facts

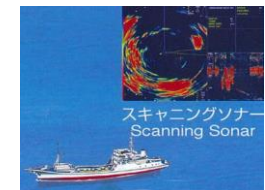

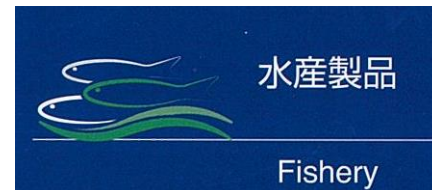

Tachyonish Holdings' mission is to contribute to a growth of society with creation of a safety environment through Seek Truth from Facts based on an absolute proof verified by technologies

The name of Tachyonish Holdings originated from hypothetical tachyonic particle that always moves faster than light. We gave the name to the company to create a new business domain by a limitless creativity.

Group Companies

- Sonic Corporation
- Nippon Kaiyo Co.,Ltd.
- Coastal Ocean Research
- Kaiyo Engineering Co.,Ltd.
- TechnoSuruga Lab
- Nissei Electronics Co.,Ltd.
- Medical Integration Co.,Ltd.

SONIC has four(4) business domains

液体流量計
Ultrasonic Liquid Flowmeter

気体流量計
Ultrasonic Gas Flowmeter

界面レベル計
Boundary Level Meter

風向風速計
Ultrasonic Anemometer

積雪深計
Ultrasonic Snow Depth Meter

風向風速計
Ultrasonic Anemometer

ドップラーソナー
Doppler Sonar

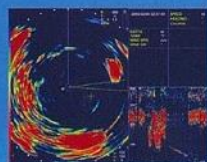

海象計
Ultrasonic Wavemeter

波高計
Ultrasonic Wave Height Meter

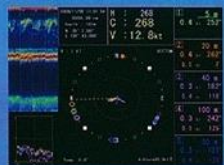

データ伝送処理装置
Wave Data Processor

スキャニングソナー
Scanning Sonar

魚体長魚探
Fish Sizing Echo Sounder

潮流計
Doppler Current Graph

About SONIC Industrial Instruments BU

Industrial Instruments BU specializes on ultrasonic products for industrial plants, manufacturing facilities and public infrastructures.

Products

Gas
Flowmeter

Liquid Flowmeter

Boundary
Level Meter

3D Anemometer

For Indoor /
Clean Room

SONIC's ultrasonic technology exerts
the power to observe our Earth.
