

TEM-620XH Concrete Rebar Detector

TEM-620XH Concrete Rebar Detector

Product Details

Technical Specification:

Diameter measuring range(mm): Φ 6 - 50

Measuring Range(mm)

Location Range:1-120

First Range:1-60

Second Range:30-120

Thickness measuring accuracy(mm)

The measuring range (mm):1 - 40,Accuracy:±1

The measuring range (mm):41 - 60,Accuracy:±2

The measuring range (mm):61 - 80,Accuracy:±3

The measuring range (mm):81 - 100,Accuracy:±5

The measuring range (mm):101 - 120,Accuracy:±6

Rebar Location Accuracy

The measuring range (mm):1 - 60,Accuracy:±3

The measuring range (mm):61 - 120,Accuracy:±6

Diameter measuring modes:optional

JGJ measuement:optional

Data storage:optional

Off time:Automatic
