Coin Cell Disassembling Tool Hydraulic Sealing Machine

TOB-MR-D120 coin cell disassemble tool is a newly designed coin-cell disassemble machine with lighter weight.

- Item No.:TOB-MR-D120
- Order(Moq):1
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7

Product Detail

Disassembling Machine for CR2016, CR2025, & CR2032 Button Cells

SPECIFICATIONS

1 TOB-MR-D120coin cell disassemble toolis a newly designed coin-cell disassemble machine with lighter weight. The disassemble machine is suitable for various types of coin cells such as CR2032,CR2025,and CR2016 without changing the die. It can also disassemble CR2325, CR2450, and other special size cases with optional die sets.

2 In addition, customers can easily replace the original die for crimping purpose.

3 It can also be worked in glove box with smaller volume.

| Standard Crimping Die | 1 One set of disassemble die for CR2032, CR2025, and CR2016 |
	2 PTFE Anti-Corrosion Core prevents coin cells from being short circuited
Advantages	1 The lower die with high precision positioning ring spacing, control the battery package height
	2 The upper die is provided with a sealing cup inner screw spring mechanism, ensure in case the battery sealing clamp can not be removed, only the top screw clockwise and the button battery out.
	3 By using aluminum alloy and high strength steel, surface after the environmental protection electroplating processing will never rust
Rocker Pressure	<6kg
Max Pressure	200kg/cm^2 (The hydraulic drive pressure up to 8T, the battery sealing no vibration, no leakage)
Working Pressure	80-100kg/cm^2
Dimension(L*W*H)	232*170*330mm
Weight	28kg
Shipping Weight	35kg
Warranty	One Year limited warranty with lifetime support

Reference Pictures	1 Disassemble die for coin cell
	2 Optional die for other model battery and PTFE Anti-Corrosion Core
