## Battery Electrode Shear Cutting Machine

500mm

### 500mm Width Battery Electrode Shear Cutting Machine

- Item No.:TOB-DYG-140B-500mm
- Order(Moq):1set
- Payment:L/C,T/T,Western Union, Paypal
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7days

## Product Detail

### Automatic Shear Cutting Machine For Lithium Battery Big Electrode Cutting

SPECIFICATIONS

1 TheAutomatic shear cutting machineis mainly used for lithium battery big electrode cutting after coating process or after continuous rolling press process. Cutted big electrode is more easy for slitting or punching to small pieces for battery making.

2 TOB-DYG-140B-500mm modelbattery electrode cutting machinehas a 500mm cutting width with set cutting length, it can be used for lithium battery lab research and production line.

Model	Lithium ion Battery Electrode Cutter Machine TOB-DYG-140B-500mm
Source voltage	AC 220V/110V, 50HZ/60HZ
Power	500W
Warranty	One Year limited warranty with lifetime support
Max electrode width	500mm
Cutting material	Battery continuous or clearance cathode and anode electrode
Cutting speed	0-12m/min, adjustable
Cutting accuracy	≤±0.3mm
Dimension(L*W*H)	1450*1250*1050mm
Advantage	1 Driven by stepper motor feed, fixed-length precision is high 2 PLC control, set length, easy to operate, intuitive 3 With digital set fixed-length cutting, clearance trace length shearing 4 Pneumatic drive shear, little noise

## PRODUCT DISPLAY

---

## **PACKAGE AND SHIPPING**

- 1 Standard exported package : Internal anticollision protection, external export wooden box package
- 2 Shipping by express, by air, by sea according to customer's requirements to suggest the most suitable shipping mode
- 3 Responsible for the damage during shipping process, change the damage part for free
- 4 Supply with suitable voltage input and power plug according to customer's country requirements.

## **SERVICES**

- 1 We supply machines with battery technology support.
- 2 We can also supply a full set of materials for lithium battery including polymer battery, cylinder battery, mobile phone battery, EV battery.
- 3 We can also supply a full set of lithium battery equipment for lab research, pilot scale research and production line.
- 4 We can also supply a full set of battery technology for battery design, research and producing.
