

## **DLRB-600B Flexible Manufacture System**

### ■ Overview

- Computer control is introduced into the production and processing system for CNC training. We can add the CNC machine tools, industrial transfer system, high-level warehouse system and manipulator welding to training system according to the needs of users.

### ■ Technical Parameter

- Total dimension: 1750×1750×1450mm
- Input power: single-phase,three-wire AC 220V±10% 50Hz/60Hz
- Capacity: < 5KVA

### ■ Optional

- Computer, computer table
- Air compressor
