## 200\*200mm Size Hot Press Machine For Battery Core

## 200\*200mm Size Hot Press Machine For Battery Core

- Item No.:TOB-RY200
- Order(Moq):1set
- Payment:L/C,T/T,Western Union, Paypal
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7days

## Product Detail

### 200\*200mm Size Hot Press Machine For Lithium Battery Core After Winding Process

## SPECIFICATIONS

TOB-RY200 Hot press machine is mainly used for battery core hot press shaping after winding process, easy for battery core into the pouch or shell.  
Using the hot press shaping machine after battery Winding On the template by pressure and heat to reduce batteries thickness with finalize design, reducing the battery core short circuit rate and ensure the consistency of the thickness of the finished batteries.

Model	Hot Press Machine TOB-RY200
Source voltage	AC 220V/110V, 50/50HZ
Power	2000W
Warranty	One year limited warranty with lifetime support
Structure	The LCD display shows Temperature  Using light curtain protection device, guarantee security  With abnormal temperature alarm function  Hot-pressing time, temperature, pressure can be adjusted  Use automatic and semi-automatic control, easy to operate
Air source	0.5-0.8MPa
Hot press area	200*200mm
Heating TEM	RT-250°C, adjustable
TEM accuracy	±2°C
Pressure	1T adjustable
Dimension(L*W*H)	350*320*550mm
Weight	About 90kg

## PACKAGE AND SHIPPING

- 1 Standard exported package : Internal anticollision protection, external export wooden box package
- 2 Shipping by express, by air, by sea according to customer's requirements to suggest the most suitable shipping mode
- 3 Responsible for the damage during shipping process, change the damage part for free
- 4 Supply with suitable voltage input and power plug according to customer's country requirements.

## SERVICES

- 1 We supply machines with battery technology support.
- 2 We can also supply a full set of materials for lithium battery including polymer battery, cylinder battery, mobile phone battery, EV battery.
- 3 We can also supply a full set of lithium battery equipment for lab research, pilot scale research and production line.
- 4 We can also supply a full set of battery technology for battery design, research and producing.
