## Battery Shell Manual Punch Machine

For lithium batteries aluminum plastic composite film monolithic manually stamping molding.

- Item No.:TOB-YXY-SMP
- Order(Moq):1set
- Payment:L/C,T/T,Western Union, Paypal
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7days

## Product Detail

### Battery shell manual punch machine

# SPECIFICATIONS

## Overview of functions

- 1. For lithium batteries aluminum plastic composite film monolithic manually stamping molding;
- 2. stamping molding time and pressure display is adjustable, easy to operate;
- 3. The two-button start-up mode, equipped with safety light barriers and door switch protection,safe and reliable operation;
- 4. The liquid pressurized cylinder high output pressure;
- 5. Touch screen display operation, plc operation.

## Technical parameters

|                              |                        |
|------------------------------|------------------------|
| Can be fitted mold area L* W | 300 * 460mm            |
| Maximum pressing force       | 10t                    |
| Punch adjustable stroke      | 10mm                   |
| Forming speed                | 300 ~ 600 times / hour |
| Configure Power              | 220V/ 50HZ             |
| Dimensions (L * W * H)       | 720 * 780 * 1680mm     |
