200*200*6mm Pouch Forming Machine

TOB-CXJ200 Pouch Forming Machine is used for lithium polymer battery/ pouch cell cup forming in the laboratory and production line of making pouch cell batteries.

- Item No.:TOB-CXJ200
- Order(Moq):1set
- Payment:L/C,T/T,Western Union, Paypal
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7days

Product Detail

200*200*6mm Pouch Forming Machine For Lithium Battery Aluminum-Laminated Films

SPECIFICATIONS

1 TOB-CXJ200 Pouch Forming Machine is used for lithium polymer battery/ pouch cell cup forming in the laboratory and production line of making pouch cell batteries.

2 The machine is used to prepare polymer cases made of Aluminum Laminated Films.

3 This labaluminum laminated film pouch forming machine is designed with Safety grating protection device, If with operators across the scope of security emergency stop automatically.

Model	200*200*6mm Pouch Forming Machine. TOB-CXJ200
Source voltage	AC 220V/110V, 50/60HZ
Power	100W
Warranty	One year limited warranty with lifetime support
Advantages	<p>1 This punching forming machine adopts imported pneumatic, electrical components, control cylinder pressure stamping forming mold.</p> <p>2 Mold using high quality die steel materials, stretching out the product contour artistic, rounded and smooth.</p> <p>3 Work station is equipped with Safety grating protection device, If with operators across the scope of security emergency stop automatically.</p>
Suitable aluminum film thickness	0.1-0.2mm
Suitable aluminum film size	200*200mm(L*W), customized, with punching depth ≤6mm
Output	200-450EA/H
Output pressure	0-5T, Adjustable
Air source	0.5-0.7MPa
Mold materials	S136 Die steel
Dimension(L*W*H)	800*500*1850mm
Weight	About 220kg

PRODUCT DISPLAY

PACKAGE AND SHIPPING

1 Standard exported package : Internal anticollision protection, external export wooden box package

2 Shipping by express, by air, by sea according to customer's requirements to suggest the most suitable shipping mode

3 Responsible for the damage during shipping process, change the damage part for free

4 Supply with suitable voltage input and power plug according to customer's country requirements.

5 Supply with CO, ECO, FORM A, FORM E and any other original certificate for import custom clearance and tax relief.

SERVICES

1 We supply machines with battery technology support.

2 We can also supply a full set of materials for lithium battery including polymer battery, cylinder battery, mobile phone battery, EV battery.

3 We can also supply a full set of lithium battery equipment for lab research, pilot scale research and production line.

4 We can also supply a full set of battery technology for battery design, research and producing.
