

Pole Ear Riveting Machine

Suitable for the riveting of supercapacitor and lithium-ion power battery' s pole ear and leading-out terminal.

- Brand:TOB NEW ENERGY
- Item No.:TOB-MJ-1642
- Order(Moq):1set
- Payment:L/C,T/T,Western Union, Paypal
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7days

Product Detail

Pole Ear Riveting Machine for the riveting of supercapacitor and lithium-ion power battery' s pole ear and leading-out terminal

SPECIFICATIONS

Functional overview

Suitable for the riveting of supercapacitor and lithium-ion power battery' s pole ear and leading-out terminal.

Functional characteristics

- 1.Adopt hydraulic system as the punching power, with big force and stable speed.
- 2.The device adopts PLC control system to ensure stable and reliable system operation, and simple operation.
- 3.Riveting punch adopts high-strength and high-wear-resisting alloy die steel, with good wear resistance.
- 4.Equipped with safety light grid and protective door, with safe and reliable operation.

Technical parameters

| | |
|-------------------------------|----------------------|
| The maximum slider stroke | 100mm |
| The maximum riveting pressure | 16t |
| Pressure holding time | 0~10s(can be set) |
| Power source | AC380/50Hz Power:6KW |
| Overall dimensions(LxwxH) | 660x1100x1500mm |
| Weight | 420kg |
