

Tabs Punching And Trimming Machine

Suitable for punching and molding of supercapacitor and lithium-ion power battery' s positive/negative pole pieces.

- Brand:TOB NEW ENERGY
- Item No.:TOB-DZ-260
- Order(Moq):1set
- Payment:L/C,T/T,Western Union, Paypal
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7days

Product Detail

Tabs Punching and Trimming Machine for supercapacitor and lithium-ion power battery

SPECIFICATIONS

Functional overview

Suitable for punching and molding of supercapacitor and lithium-ion power battery' s positive/negative pole pieces.

Functional characteristics

- 1.The device adopts PLC control system to ensure stable and reliable system operation, and simple operation.
- 2.Colorful touch screen LCD displays operation. Equipment parameter setting and browsing are concise and visualized.
- 3.Rack is welded by high-quality steel forgings, with firm welding and smooth polishing.
- 4.Equipped with safety light grid and protective door, with safe and reliable device operation.

Technical parameters

| | |
|----------------------------|-------------------------|
| Pole piece burr | <0.05mm |
| Pole ear burr | <0.05mm |
| Accuracy of pole ear(L) | ±0.5mm |
| Punching speed | 16pcs/min |
| Power source | AC220V/50Hz Power:0.2kW |
| Overall dimensions (LxWxH) | 800x870x1500mm |
| Weight | 340kg |
