

Tabs Punching And Trimming Machine

The machine is suitable for punching and trimming of supercapacitor and lithium-ion power battery' s tabs.

- Brand:TOB NEW ENERGY
- Item No.:TOB-DZ-260MP
- Order(Moq):1set
- Payment:L/C,T/T,Western Union, Paypal
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7days

Product Detail

Tabs Punching and Trimming Machine For supercapacitor and lithium-ion power battery

SPECIFICATIONS

Functional overview

The machine is suitable for punching and trimming of supercapacitor and lithium-ion power battery' s tabs.

Functional characteristics

- 1.Adopt hydraulic system as the punching power, with big force and stable speed.
- 2.Adopt PLC control system to ensure stable and reliable system operation, and simple operation.
- 3.Rack is welded by high-quality steel forgings, with firm welding and smooth polishing.
- 4.Equipped with safety light grid and protective door, with safe and reliable device operation.

Technical parameters

Punching position precision	±0.5mm
Hole burr	<0.5mm
Cutting burr	<1mm
Power Source	AC380/50Hz Power:6KW
Overall dimensions(LxWxH)	660x 1100x 1500mm
Weight	420kg
