

### Aluminum Case Supercapacitor Grooving And Sealing Machine

TOB-GCFK20 Supercapacitor Grooving And Sealing Machine is suitable for small aluminum case supercapacitor grooving and sealing.

- Brand:TOB NEW ENERGY
- Item No.:TOB-GCFK20
- Order(Moq):1
- Payment:L/C,T/T,Western Union
- Product Origin:China
- Shipping Port:XIAMEN

## Product Detail

### Laboratory Aluminum Case Supercapacitor Grooving And Sealing Machine

## SPECIFICATIONS

1. The TOB-GCFK20 is suitable for small aluminum case supercapacitor grooving and sealing.

### Main feature:

The clamp fixes the supercapacitor automatically, stable and without sloshing, high centering concentricity, uniform spinning seal.

The grooving cutter is made of imported material with high hardness and long service life. High-precision guide rail feed, high sealing accuracy and with stable size.

Do grooving and sealing at the same time, high efficiency

Appearance geometric design, exquisite and beautiful, easy to operate

Model	TOB-GCFK20
Application	Suitable for 3515 super capacitor (customized)
Sealing and grooving process	Sealing and grooving process doing at the same time
Service life	The normal service life of tooling molds is to reach more than 500,000 times.
Utilization rate	98%
Voltage source	220V/50HZ
Power	0.2KW
Demension	L260mm *W500mm *H 570mm(500mm width is including hand rock)
Weight	About34.5kg
