

Electric Riveting Press Machine

Electric riveting press machine for lithium battery lab research.

- Item No.:TOB-YXY-ERP
- Order(Moq):1set
- Payment:L/C,T/T,Western Union, Paypal
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:15days

Product Detail

Electric riveting press machine

SPECIFICATIONS

Overview of functions:

Trial samples for laboratory or small batch production. Equipment using electric power as a pressure to realize the batteries cover and batteries very ears and slide wire riveting. Riveting height adjustable, refined aesthetic appearance, easy to operate.

The basic parameters:

Power	220V / 50HZ, 0.5KW
Production capacity	10~15pcs / min
Capacitors specifications	φ22 ~ 35mm

PRODUCT DISPLAY

PACKAGE AND SHIPPING

- 1 Standard exported package : Internal anticollision protection, external export wooden box package**
- 2 Shipping by express, by air, by sea according to customer's requirements to suggest the most suitable shipping mode**
- 3 Responsible for the damage during shipping process, change the damage part for free**
- 4 Supply with suitable voltage input and power plug according to customer's country requirements.**
- 5 Supply with CO, ECO, FORM A, FORM E and any other original certificate for import custom clearance and tax relief.**

SERVICES

- 1 We supply machines with battery technology support.**
- 2 We can also supply a full set of materials for lithium battery including polymer battery, cylinder battery, mobile phone battery, EV battery.**
- 3 We can also supply a full set of lithium battery equipment for lab research, pilot scale research and production line.**
- 4 We can also supply a full set of battery technology for battery design, research and producing.**
