

## 200V 20 Ohm Portable Battery Resistance Voltage Tester

TOB-SM8124 Resistance Voltage Tester is a portable battery tester used for battery voltage and internal resistance test, it is Suitable for lithium-ion battery, nickel-metal hydride, lithium manganese, lead-acid battery and other single battery or battery pack with voltage no more than 200V.

- Brand:TOB NEW ENERGY
- Item No.:TOB-SM8124
- Order(Moq):1
- Payment:L/C,T/T,Western Union
- Product Origin:China
- Shipping Port:XIAMEN
- Lead Time:7

## Product Detail

### **200V 20 Ohm Portable Battery Tester For Battery Voltage and Resistance Testing**

## SPECIFICATIONS

TOB-SM8124 Resistance Voltage Tester is a portable battery tester used for battery voltage and internal resistance test, it is suitable for lithium-ion battery, nickel-metal hydride, lithium manganese, lead-acid battery and other single battery or battery pack with voltage no more than 200V.

|                                |  |
|--------------------------------|--|
| Model                          | Portable Battery Resistance Voltage Tester TOB-SM8124  |
| Voltage testing range          | 0-1.999V, 2-19.99V, 20-199.9V  |
| Voltage resolution ratio       | 1mV, 10mV, 100mV   |
| Inner resistance testing range | 0-199.9mΩ, 200-1999mΩ, 2000-20000mΩ  |
| Accuracy                       | 0.1mΩ, 1mΩ, 10mΩ   |
| Operating temperature          | -10-40°C   |
| Suitable battery               | Lithium battery, lithium pouch cell(Lithium polymer battery),<br>Nickel metal hydride, nickel cadmium battery, lead-acid battery and so on.  |
| Structure                      | LCD display testing results<br>Simple operation with Button press  |
| Notice                         | This machine can not test battery with voltage more than 200V,<br>Please don't test battery more than 200V. It will damage the machine.<br>Guarantee that the battery positive and negative connection is right. |
| Dimension(L*W*H)               | 130*72*30mm  |
| Weight                         | 200g   |

## **PACKAGE AND SHIPPING**

- 1 Standard exported package : Internal anticollision protection, external export wooden box package
- 2 Shipping by express, by air, by sea according to customer's requirements to suggest the most suitable shipping mode
- 3 Responsible for the damage during shipping process, change the damage part for free
- 4 Supply with suitable voltage input and power plug according to customer's country requirements.

## **SERVICES**

- 1 We supply machines with battery technology support.
- 2 We can also supply a full set of materials for lithium battery including polymer battery, cylinder battery, mobile phone battery, EV battery.
- 3 We can also supply a full set of lithium battery equipment for lab research, pilot scale research and production line.
- 4 We can also supply a full set of battery technology for battery design, research and producing.

We cooperated with each other, and we will do TOP OF THE BEST battery
