

CF-06/08

Automotive Current Testers Large 3 1/2 LCD display with bar graph Peak hold and Data hold function (CF-08) 30 A measurement greater than the current alarm sounds will be issued (CF-08) DCA zero for accurate measurement Unit with Max/Mini-Blade plug

| Features |
|---|
| Large 31/2 LCD display with bar graph |
| Peak hold and Data hold function (CF-08) |
| 30 A measurement greater than the current alarm sounds will be issued (CF-08) |
| DCA zero for accurate measurement |
| Unit with Max/Mini-Blade plug |

| Specifications | | | | |
|----------------------|------------|-------------|-----------------|---------------------|
| Fuse Type | Resolution | Banana Plug | Measuring Range | Acuracy |
| CF-06: 30A/Max-Blade | 100mA | | 30A/48V/DC/AC | 0-30A ±2.0% reading |
| CF-08: 80A/Max-Blade | 100mA | | 80A/48V/DC/AC | 0-80A ±2.0% reading |

Size(HxWxD): CF-06/08: 112mm x 45mm x 33mm

Weight: 165g

Size(HxWxD): 165mm x 40mm x 33mm

Weight: 200g

Accessories:

Clamshell and 9V battery.

Automotive Current Testers

Large 31/2 LCD display with bar graph

Peak hold and Data hold function (CF-08)

30 A measurement greater than the current alarm sounds will be issued (CF-08)

DCA zero for accurate measurement

Unit with Max/Mini-Blade plug
