

UT12D-US AC Voltage Detector

UT12 series non-contact AC voltage detectors are widely used in the maintenance of low voltage equipment such as conductors, cables, sockets, and other electrical/electronic instruments. It is a very handy tool for electricians.

Specifications

Model	UT12D-US
AC voltage (Low)	24V~1000V
AC voltage (High)	90V~1000V
Frequency range	50/60Hz
Built-in flashlight	√
※Audible (buzzer) and visual (LED) indication	√
Buzzer	√
LED indication	√
Auto power off	√
Low voltage indication	√
Drop test	1m
General Characteristics	
Power	1.5V battery (R03) x 2
Product color	Red and grey
Product net weight	50g
Product size	150mm x 18 mm x 23mm
Standard accessories	Batteries
Standard individual packing	Blister, English manual

Standard quantity per carton	40pcs
Standard carton measurement	350mm x 245 mm x 210mm
