

GD-3300

Flammable Gas-Leak Detector Audible and Visual Annunciation Detects: LAG, LPG, CH₄, Methane, Butane, Flammable Gas Catalytic Combustion Sensor.

Name	Portable gas detector	
Function	Detecting the gas leakage and absorbing static electricity	
Power consumption	DC 200mA	Battery size
Detectable gas	LNG, LPG	Temperature
Humidity	95%RH or lower	Duration

Flammable Gas-Leak Detector

Audible and Visual Annunciation
Detects: LAG, LPG, CH₄, Methane, Butane, Flammable Gas
Catalytic Combustion Sensor

Name	Portable gas detector		
Function	Detecting the gas leakage and absorbing static electricity		
Power consumption	DC 200mA	Battery size	1.5V x 2(AAA Size)
Detectable gas	LNG, LPG	Temperature	10°C~50°C
Humidity	95%RH or lower	Duration	About 4 hours continuously

Size (H x W x D): 164mm x 21mm

Weight: 25g

Accessories: 2 x "AAA" Alkaline Batteries and clamshell.
