

DT-9010

Automotive Circuit Voltage Tester

Test common automotive circuits up to 12 volts

Bright 360 degree visual indication

Alligator clip connects to ground

Long flexible test lead

Quickly test automotive circuits for proper voltage

Tests auto wiring, fuses, battery source

Features
Test common automotive circuits up to 12 volts
Bright 360 degree visual indication
Alligator clip connects to ground
Long flexible test lead
Quickly test automotive circuits for proper voltage
Tests auto wiring, fuses, battery source

Size(HxWxD):189mm x 26.5mm x 2.6mm

Weight: 60g

Applications

	<p>Automotive Circuit Voltage Tester</p> <p>Test common automotive circuits up to 12 volts Bright 360 degree visual indication Alligator clip connects to ground Long flexible test lead Quickly test automotive circuits for proper voltage Tests auto wiring, fuses, battery source</p>
