

# DT-9050

## LED Insulation Tester.

DT-9050 Insulation Tester is designed according to standard EN61557-2, and also respects international electrical safety standard IEC 61010-1.

EMC & LVD  
EN: 61326  
EN: 61010-1,  
EN: 61010-02-031

Specifications	
Output voltage	500V DC
Nominal output current	500V, 1mA
Measurement range	0, 300k, 400k, 500k, 600k, 700k, 800k, 900k, 1000k $\Omega$ , $\infty$
Size	210 x 70 x 45mm
Total weight	316g

## Applications

**LED Insulation Tester.**

DT-9050 Insulation Tester is designed according to standard EN61557-2, and also respects international electrical safety standard IEC 61010-1.

## Accessories:

Test leads, 4 x "AA" batteries and Clamshell.
