

BRINELL INDENTATION MEASURING SYSTEM

CODE ISHB-MSA

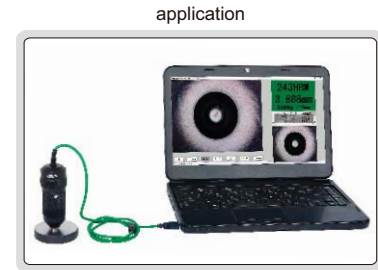

5mm and 10mm standard indentation blocks(included)

- Connected to computer USB port
- Automatically measure the indentation
- Result saved to Excel automatically
- Tolerance testing
- Calibration with standard hardness blocks or standard indentation blocks

ISHB-MSA

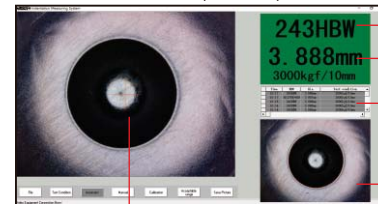

application

software CD (included)

software (included)

- result and scale
- diameter of indentation
- result list
- picture

indentation

STANDARD DELIVERY

Main unit	1 pc
Software	1 pc
5mm standard indentation block	1 pc
10mm standard indentation block	1 pc

OPTIONAL ACCESSORY

2.5mm standard indentation block	ISHB-MSA-BLOCK25
----------------------------------	------------------

SPECIFICATION

Applicable Brinell indenter		Ø10mm, Ø7.26mm, Ø5mm, Ø4mm, Ø2.5mm
Hardness range		16~650HB
Range of indentation diameter		Ø0.6~6mm
Test force		62.5, 100, 125, 187.5, 250, 500, 750, 1000, 1500, 3000kgf
Hardness resolution		1HB
Diameter measuring resolution		0.001mm
Diameter measuring accuracy		±0.4%(indentation diameter) ±0.8%(indentation diameter) ±1.2%(indentation diameter)
Camera	Sensor	1/3.2" CMOS
	Pixel	2M (resolution 1600×1200)
	View filed	8×6mm
Dimension		170×54×54mm
Weight		385g
