

CAS-200 ARRAY SPECTRORADIOMETER (Basic industry grade)

Description

CAS-200 is a industrial product of array spectroradiometer with the advantages of high speed, with good accuracy.

Parameter

- 1) Wavelength range: 380nm-780nm;
- 2) Wavelength accuracy: $\pm 0.3\text{nm}$;
- 3) Integration time: 1ms-10s;
- 4) Luminous flux range: 0.01-200,000lm(Cooperated with appropriate integrating sphere);
