

## Yarn Inspection/Examining Machine HTY-004B

### Detailed Description

Yarn inspection machine, according to certain representative yarn linear density around the cone on the blackboard. Use to evaluate appearance and quality of yarn.

### Specifications:

Blackboard: 250×220×2.5mm

Blackboard rotate speed: constant speed

Reeling density: 7, 9, 11, 13, 15, 19pieces/cm and 20pieces/4.5cm

Dimension: 1065×450×270mm(L×W×H)

Power: AC220V.50Hz

Standard: GB/T996, 398, 5324; FZ/T32004,32005

Accessories: Power line 1 pcs, blackboard 5 pcs
