HD-8891 Plug pull test machine

The instrument is suitable for the tensile strength test, torsion test, load test and grounding wire current test of the conductor wire between the plug piece and the conductor of the power plug wire. The instrument adopts touch screen and PLC control, and has the advantages of beautiful appearance, reasonable layout and convenient maintenance.

Technical Parameters:

Serial number	Project	Specifications
1	Input power	AC 220V \pm 10% , 50/60Hz
2	fuse	10A
3	power	800W
4	Ground current	0~40A continuously adjustable
5	Station	6 stations
6	time setting	0-9999S

7	Count setting	Number range: 0 to 9999 times
8	Hammer	2.5LB
9	Weight	Non-standard, customized according to customer requirements
10	Digital precision	$\pm 0.2\%$
11	Dimensions	1150×600×1700 (Width × depth × height)
