

## Geotextile Water Permeability Tester GT-C89

### **Application:**

This Water Permeability Tester using for vertical permeability testing of Geotextiles and composite materials.

### **Standards:**

GB/T15789, JTG E50, SL/T235, ISO11058, ASTM D4716

### **Key Specifications**

Model	GT-C89	
Max DIF of Head Pressure	250mmH <sub>2</sub> O (2450pa)	
Division Value of Water Height	1mm	
Inner Diameter of Gripper	50±0.5mm	
Thickness of Sample	≤20mm	
Time Controller	0～99.99 sec.	
Measuring Cylinder	1000ml (Scale Division: 10ml)	
Thermometer Scope	0～50℃ ( Precision 0.1℃)	
Power Supply	1 φ AC 220V 50/60Hz	
Dimensions	400×500×850mm	
Weight	45kg	
Standards accessories	1pc	Measuring Cylinder
	1pc	Thermometer
	1pc	Power line
