

Cat.No.1731-00

## Digital Salt Meter Model SK-10S

Good for controlling the sodium concentration of food for healthy life.  
Less than 1% of sodium concentration is idealistic.  
for certification purpose

### Specifications

Measuring method	Electrical resistance method
Ambient temperature	0 to 50°C
Measuring range	0.1 to 10.0% for salt concentration
Power requirements	9V 6F22(006P) manganese battery x 1
Dimensions	(W)62 x (H)148 x (D)24 mm
Weight	approx. 145 g (with battery)
